

LAWRENCE J. LENNON, P.E., D.WRE

Mr. Lennon, founding Principal of Lennon, Smith, Souleret Engineering, Inc., has been engaged in the practice of Civil Sanitary/Environmental Engineering since receiving a Masters degree in 1975. Prior to establishing Lennon and Smith Engineering in 1985, Mr. Lennon worked for a large Pittsburgh based environmental engineering consulting firm rising from the position of Staff Engineer to Senior Engineer/Senior Project Manager and Manager of the Sewer Systems Studies Department.

As Principal in Charge, Mr. Lennon has directed the development and growth of the Civil-Environmental Engineering Unit at Lennon, Smith, Souleret Engineering, Inc. In 2007, Mr. Lennon was certified by the American Association of Water Resources Engineers, in affiliation with EWRI and ASCE as a Diplomate Water Resources Engineer (D.WRE) for "superior professional education and experience... deemed sufficient to demonstrate satisfactory attainment of the water resources body of knowledge for a Diplomate." Mr. Lennon was named Engineer of the Year for 2008 by both the Engineers Society of Western PA (ESWP) and the Society of American Military Engineers (SAME) Pittsburgh post.
